Table autosized based on style "height" and "width" using "tableAutoSize:true" option:

height:100px / width:250px	height:100px / width:'auto'
Here "<td width='100'">" will use 250px for the width because we have to use the largest col's width	height:200px / width:'auto'

Change the table's layout (header with red border, body with blue border):

Header A	Header B
A1	B1
A2	B2
A3	B3
